

WELCOME THE ARRIVAL OF THE SECOND “SILVER BULLET”

The Town now has a second silver bullet to assist us in our recycling efforts. The first one has been in place in the Radley’s Plaza on Cascade Road. The second one was installed yesterday across from the Public Works Department on the Smithwheel Road.

We want to thank the Recycling Committee, under the guidance of Chair John Weaver, for all their efforts in making this happen. They are strong advocates, making Old Orchard Beach and the State of Maine a greener place to live. The Recycling Committee monitors the Silver Bullet at Radley’s, and will now monitor the one on Smithwheel Road, along with the assistance of the Public Works Department.

The Town of Old Orchard Beach makes strong efforts to recycle. Please join us by using our Silver Bullet single-sort recycling bins.
